

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKFORD, ILLINOIS, THAT:

Chapter 6, of the Code of Ordinances of the City of Rockford, Illinois, passed November 30 1970, approved December 2, 1970 and published December 8, 1970, as amended, be and the same is hereby amended by the following, to-wit:

**Section 6-225 is amended as follows:**

**Section 6-225. Property Maintenance Code adopted by reference**

The ICC International Property Maintenance Code/2003 as recommended by the International Code Council, Inc. is hereby referred to, adopted and made a part hereof, as if fully set out in this article, with the additions, insertions, deletions and amendments contained in Section 6-226 of this article.

**Section 6-226 is amended as follows:**

**Section 6-226 Amendments to the Property Maintenance Code:**

The ICC International Property Maintenance Code/2003 edition is amended as follows:

(1) Section 101.1 is amended as follows:

**101.1 Title.** These regulations shall be known as the *Property Maintenance Code* of the City of Rockford, Illinois, hereinafter referred to as “this code”.

(2) Section 102.3 is amended as follows:

**102.3 Application of other codes.** Repairs, additions or alterations to a structure, or changes of occupancy, shall be done in accordance with the procedures and provisions of the ~~International Existing Building Code~~ International Building Code, International Residential Code, Illinois Plumbing Code, International Mechanical Code, International Fuel Gas Code and the ICC Electric Code. In addition to the requirements of this code, all existing structures must conform with the requirements for existing structures established in the International Fire Code as amended and adopted by the City of Rockford. Nothing in this code shall be construed to cancel, modify or set aside any provision of the ~~International City of Rockford Zoning Code Ordinance~~.

(3) Section 103.5 is amended as follows:

**103.5 Fees.** The fees for activities and services performed by the department in carrying out its responsibilities under this code shall be ~~indicated in the following schedule~~ as prescribed in Chapter 6-15 of the City of Rockford Code of Ordinances.

(4) Section 103.6 is added as follows:

**103.6 Restriction of employees.** An official or employee connected with the enforcement of this code, except whose only connection is that of a member of the board of appeals established under the provisions of section 108 of this code, shall not be engaged in, or directly or indirectly connected with, the furnishing of labor, materials or appliances for the construction, alteration or maintenance of a building, or the preparation of construction documents thereof, unless that person is the owner of the building; nor shall such officer or employee engage in any work that conflicts with official duties or with the interests of the department.

(5) Section 107.3 is deleted and replaced as follows:

**107.3 Method of Service.** Such notice shall be deemed to be properly served if a copy thereof is:

1. Delivered to the owner personally; or

2. Sent by first class mail, postage prepaid, to the owner at the last known address; or

3. Sent by certified mail, postage prepaid, addressed to the owner at the last known address with return receipt requested, if required by State law.

(6) Section 108.4 is amended as follows:

**108.4 Placarding.** Upon failure of the owner or person responsible to comply with the notice provisions within the time given, the code official shall post on the premises or on defective equipment, a placard ~~bearing the word “Condemned”~~ of condemnation and a statement of the penalties provided for occupying the premises, operating the equipment or removing the placard.

(7) Section 109.1 is amended as follows:

**109.1 Imminent danger.** When, in the opinion of the code official, there is imminent danger of failure or collapse of a building or structure which endangers life, or when any structure or part of a structure has fallen and life is endangered by the occupancy of the structure, or when there is actual or potential danger to the building occupants or those in proximity of any structure because of explosives, explosive fumes or vapors or the presence of toxic fumes, gases or materials, ~~or~~ operation of defective or dangerous equipment, or when the structure is unfit for human habitation, the code official is hereby authorized and empowered to order and require occupants to vacate the premises forthwith. The code official shall cause to be posted at ~~each~~ the primary entrance to such structure a notice ~~reading as follows: “This Structure Is Unsafe and Its Occupancy Has Been Prohibited by the Code Official.”~~ of condemnation. It shall be unlawful for any person to enter such structure except for the purpose of securing the structure, making the required repairs, removing the hazardous condition, or of demolishing the same.

(8) Section 109.7 is added as follows:

**109.7 Unsafe Equipment.** Equipment deemed unsafe by the code official shall not be operated after date stated in the notice of condemnation unless the required repairs or changes have been made and the equipment has been approved, or unless an extension of time has been secured from the code official in writing.

(9) Section 109.7.1 is added as follows:

**109.7.1 Authority to seal equipment.** In the case of an emergency, the code official shall have the authority to seal out the service immediately of any unsafe device or equipment regulated by this code.

(10) Section 109.7.2 is added as follows:

**109.7.2 Unlawful to remove seal.** Any device or equipment sealed out of service by the code official shall be plainly identified in an approved manner. The identification shall not be tampered with, defaced or removed except by the code official and shall indicate the reason for such sealing.

(11) Sections 110.3 is amended as follows:

**110.3 Failure to Comply.** In accordance with State of Illinois Compiled Statutes Chapter 65 Section 5/11-31-1, if the owner of a premises fails to comply with a demolition order within the time prescribed, the code official shall cause the structure to be demolished and removed, either through an available public agency or by contract or arrangement with private persons, and the cost of such demolition and removal shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate.

(12) Sections 111.2 through 111.2.5 are deleted and replaced as follows:

**111.2 Membership of the board.** The board of appeals shall be the Building Board of Appeals as prescribed in Section 112.0 of the *International Building Code* as amended and adopted by the City of Rockford.

(13) Section 111.4 is amended as follows:

**111.4 Open hearing.** All hearings shall be open to the public. The appellant, the appellant's representative, the code official and any person whose interests are affected shall be given an opportunity to be heard. A quorum shall consist of not less than ~~two-thirds of the~~ 4 board membership.

(14) Section 111.6 is amended as follows:

**111.6 Board decision:** The board shall modify or reverse the decision of the code official only by a concurring vote of a majority of the ~~total number of~~ appointed board members present.

(15) Section 202.0 is amended as follows:

**BUILDING.** Any structure used or intended for supporting or sheltering a use or occupancy.

**STRUCTURE.** That which is built or constructed or a portion thereof. This shall include all buildings but shall not include any other structures which are within a public right-of-way.

**PUBLIC NUISANCE.** Includes any of the following:

1. The physical condition or occupancy of any premises regarded as public nuisance at common law;
2. Any physical condition or occupancy of any premises or its appurtenances considered an attractive nuisance to children, including, but not limited to, abandoned wells, shafts, basements, excavations and unsafe fences or structures;
3. Any premises that has unsanitary sewerage or plumbing facilities;
4. Any premises designated as unsafe for human habitation;
5. Any premises that is manifestly capable of being a fire hazard, or is manifestly unsafe or unsecure so as to endanger life, limb or property;
6. Any premises from which the plumbing, heating or facilities required by this code have been removed, or from which utilities have been disconnected, destroyed, removed or rendered ineffective, or required precautions against trespassers have not been provided;
7. Any premises that is unsanitary, or that is littered with rubbish or garbage, or that has uncontrolled growth of weeds;
8. Any structure that is in a state of dilapidation, deterioration or decay; faulty construction; overcrowded; open, vacant or abandoned; damaged by fire to the extent so as not to provide shelter; in danger of collapse or failure; or dangerous to anyone on or near the premises;
9. Any abandoned or inoperable motor vehicles, whether on public or private property, and in view of the general public; or
10. Vehicles which are in violation of the City Zoning Ordinance Sections 408.1 and 408.2.

(16) Section 302.1 is amended as follows:

**302.1 Sanitation.** All exterior property and premises shall be maintained in a clean, safe and sanitary condition and free from any accumulation of rubbish or garbage. The occupant shall keep that part of the exterior property which such

occupant occupies or controls in a clean and sanitary condition. The Code Official may order the removal of garbage, debris and rubbish in accordance with Illinois Compiled Statutes, Chapter 65, Section 5/11-20-13. When, accumulation of garbage and debris endangers the public health and safety or when there is actual or potential danger in the proximity of dwellings and/or the public right-of-way, the code official shall cause the removal of such garbage or debris, either through an available public agency or by contract or arrangement with private persons, and the cost of such removal shall be charged against the real estate upon which the garbage and debris is located.

(17) Section 302.3 is amended as follows:

**302.3 Sidewalks, and driveways and retaining walls.** All sidewalks, walkways, stairs, driveways, parking spaces, retaining walls and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.

(18) Section 302.4 is amended as follows:

**302.4 Weeds.** All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches (254 mm). All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants, ~~and~~ vegetation, overgrowth, and underbrush other than trees or shrubs provided; however, this term shall not include cultivated crops, flowers and gardens. Enforcement of this provision shall be as provided in this Code, in Article I., Chapter 13, City of Rockford Code of Ordinances, and the provisions of Illinois Compiled Statutes, Chapter 65, Section 5/11-20-7. The city may pursue any or all of the remedies provided above in enforcement of this provision. When, overgrowth of weeds or plants endangers the public health and safety or when there is actual or potential danger in the proximity of dwellings and/or the public right-of-way, the code official shall cause the cutting of such weeds or plants, either through an available public agency or by contract or arrangement with private persons, and the cost of such cutting shall be charged against the real estate upon which the weeds or plants are located.

(19) Section 302.8 is deleted [including exception] and replaced as follows:

**302.8 Motor Vehicles.** All inoperable vehicles, whether on public or private property and in plain view of the general public are hereby declared to be a public nuisance pursuant to 65 ILCS 5/11-40-3. In accordance with the procedures outlined in 65

ILCS 5/11-40-3 and 625 ILCS 5/4 - 201 the abandonment of vehicles is prohibited on public or private property and the City is authorized to remove such abandoned vehicles.

(20) Section 302.8.1 is added as follows:

**302.8.1 Operable vehicles on residential property.** Operable vehicles parked on residential properties shall comply with the City of Rockford Zoning Ordinance Sections 408.1 and 408.2. No unlicensed vehicle shall be parked outside anywhere on a property. Autos, motorcycles, vans, and trucks with passenger car or "B" plates must be parked on a paved surface.

(21) Section 302.8.2 is added as follows:

**302.8.2 Other operable vehicles in residential areas.** Motor homes, campers, travel trailers, and boats must comply with Section 408.2 and other relevant sections of the City of Rockford Zoning Ordinance.

(22) Section 302.8.3 is added as follows:

**302.8.3 Vehicles in commercial and industrial areas.** Vehicles in commercial and industrial areas and storage or repair thereof shall comply with Section 408.2 of the City of Rockford Zoning Ordinance.

(23) Section 302.10 is added as follows:

**302.10 Cisterns.** Pursuant to Illinois Compiled Statutes, Chapter 65, Section 5/11-20-10, cisterns unused and abandoned shall be filled with clean fill and sealed with a non removable cover as prescribed by the Code Official.

(24) Section 304.3 is amended as follows:

**304.3 Premises identification.** Buildings shall have ~~approved~~ City of Rockford assigned address numbers placed in a position to be plainly legible and visible from the street or road ~~fronting the property to which the building is addressed.~~ These numbers shall contrast with their background. Address numbers shall be Arabic numerals or English alphabet letters. Numbers shall be a minimum of 4 3 inches (~~102 77~~ mm) high ~~with a minimum stroke width of 0.5 inch (12.7 mm) when less than 100 feet from the street. When over 100 feet and less than 200 feet from the street, the numbers shall be 5 inches (128 mm) high. When over 200 feet from the street, the numbers shall be 7 inches (179 mm) high. Wherever primary entry doors are visible from the address street, the numbers shall be displayed above, on or adjacent~~

to the primary entry doors. Numbers shall be displayed where they remain visible at all times. Where the building is more than 500 feet from the street, displaying numbers on a building identification sign or other approved location near and viewable from the street are encouraged.

(25) Section 304.11 is amended as follows:

**304.11 Chimneys and towers.** All chimneys, cooling towers, smoke stacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.  
All unlined masonry chimneys shall be provided with a cleanout near the bottom of the chimney. The cleanout opening shall be sealed tight with a noncombustible material cover.

(26) Section 304.14 is amended as follows:

**304.14 Insect Screens.** During the period from April 1 to November 1 every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas, or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored, shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch (16 mesh per 25 mm) and every swinging door shall have a self closing device in good working condition.

**Exception:** Screen doors shall not be required where other approved means, such as air curtains, or insect repellent fans are employed.

(27) Section 304.18.1 through 304.18.3 hereby deleted:

(28) Section 307.3.1 is amended as follows:

**307.3.1 Garbage facilities.** The owner of every dwelling shall supply one of the following; an approved mechanical food waste grinder in each dwelling unit; ~~an approved incinerator unit in the structure available to the occupants in each dwelling unit;~~ or an approved leak proof, covered, outside garbage container.

(29) Section 307.4 is added as follows:

**307.4 Rubbish and garbage on parkways.** No refuse shall be disposed of at any site, other than those approved by the city.

(30) Section 404.3 exception # 2 is amended as follows:

2. Basement rooms in one and two family dwellings, occupied exclusively for bathroom, toilet room, laundry, study or recreation purposes, having a ceiling height of not less than 6 feet 8 inches (2033 mm) with not less than 6 feet 4 inches (1932 mm) of clear height under beams, girders, ducts, and similar obstructions.

(31) Section 501.1 is amended as follows:

**501.1 Scope.** The provisions of this chapter and the Illinois Plumbing Code including City of Rockford amendments shall govern the minimum plumbing systems, facilities and plumbing fixtures to be provided.

(32) Section 601.1 is amended as follows:

**601.1 Scope:** The provisions of this chapter, the maintenance provisions of the International Mechanical Code and the ICC Electric Code shall govern the minimum mechanical and electrical facilities and equipment to be provided.

(33) Section 602.2 is amended as follows:

**602.2 Residential occupancies.** Dwellings shall be provided with heating facilities capable of maintaining a room temperature of 65 degF (18 degC) in all habitable rooms, bathrooms, and toilet rooms based on the winter outdoor design temperature for the locality ~~indicated in Appendix D of the International Plumbing Code.~~ Cooking appliances shall not be used to provide space heating to meet the requirements of this section.

~~**Exception:** In areas where the average monthly temperature is above 30 degF (-1degC), a minimum temperature of 65 degF (18degC) shall be maintained.~~

(34) Section 602.3 is amended as follows:

**602.3 Heat supply.** Every owner and operator of any building who rents, leases or lets one or more dwelling unit, rooming unit, dormitory or guestroom on terms, either expressed or implied, to furnish heat to the occupants thereof shall supply heat during the period from November 1 to April 1 to maintain a temperature of not less than 65 degF

(18 degC) in all habitable rooms, bathrooms, and toilet rooms.

**Exception:**

1. When outdoor temperature is below the winter outdoor design temperature for the locality, maintenance of the minimum room temperature shall not be required provided that the heating system is operating at its full design capacity. ~~The winter outdoor temperature for the locality shall be as indicated in Appendix D of the International Plumbing Code.~~
2. ~~In areas where the average monthly temperature is above 30 degF (-1degC), a minimum temperature of 65 degF (18degC) shall be maintained.~~

(35) Section 602.4 is amended as follows:

**602.4 Occupiable work spaces.** Indoor occupiable work spaces shall be supplied with heat during the period from November 1 to April 1 to maintain a temperature of not less than 65 degF (18 degC) during the period the spaces are occupied.

**Exceptions:**

1. Processing, storage and operation areas require cooling or special temperature conditions.
2. Areas in which persons are primarily engaged in vigorous physical activities.

(36) Section 603.2 is amended as follows:

**603.2 Removal of combustion products.** All fuel - burning equipment and appliances shall be connected to an approved chimney or vent. When a water heater and furnace are connected to the same chimney or vent, the water heater connection shall be above the furnace connection.

**Exception:** Fuel - burning equipment and appliances which are labeled and approved for unvented operation.

(37) Section 603.3 is amended as follows:

**603.3 Clearances.** All required clearances to combustible structural or finish materials shall be maintained. Clearances of 36 inches shall be maintained for all other combustibles, such as stored materials.

(38) Section 603.7 is added as follows:

**603.7 Location of furnaces.** A fuel - burning furnace may be located in an enclosed closet type space with louvers in the door provided the space is within a dwelling unit or is protected with automatic sprinkler(s), is solely devoted to the unit, has non combustible floor and clearances as required by the International Mechanical Code and the space is not located with the door opening into a kitchen, bedroom or bathroom.

(39) Section 604.1 is amended as follows:

**604.1 Facilities required.** Every occupied building shall be provided with an electrical system in compliance with the requirements of this section and Section 605 as amended.

(40) Sections 604.1.1 through 604.1.6 are added as follows:

**604.1.1 Conductor wire.** Every conductor wire shall have insulation in good condition.

**604.1.2 Short circuit.** No short circuit or break shall exist in any electrical wiring.

**604.1.3 Shock or fire hazard.** No obvious shock or fire hazard shall exist.

**604.1.4 Overload.** No electric circuit shall be overloaded as a result of connecting equipment or appliances to outlet supplied with wire of inadequate size. Extension cords shall not be used as permanent wiring.

**604.1.5 Fixtures, switches, outlets and plates, junction boxes and covers, and raceways.** Every light fixture, switch, outlet and plate, junction box and cover, and raceway shall function properly and/or be properly fastened in position.

(41) Section 604.2 is amended as follows:

**604.2 Service.** The size and usage of equipment shall serve as a basis for determining the need for additional facilities in accordance with the ICC Electrical Code and NFPA 70. Dwelling units shall be served by a three-wire, 120/240 volt, single-phase electrical service having a rating of not less than 60 amperes with distribution panel and wiring properly installed and protected. All panels shall be dead front. A panel designated for a particular unit shall serve no other units.

(42) Sections 604.2.1 through 604.2.2 are added as follows

**604.2.1 Disconnect.** Main disconnect and overcurrent protective devices shall be accessible to each tenant. Overcurrent devices, such as fuses or breakers shall be used to protect branch circuit conductors. Branch circuits shall not contain more than ten outlets. (Edison) Socket type fuses shall be type S.

**604.2.2 Service grounding** Electric service shall be bonded to the cold water pipe and a bonding jumper shall be installed around water meters. All bonding clamps shall be free of corrosion and be operable.

(43) Section 604.4 is added as follows:

**604.4 Exposed non current carrying metal parts.** All exposed non current carrying metal parts that are within 8 feet vertically or 5 feet horizontally of ground or grounded metal objects subject to contact by persons, shall be grounded.

(44) 604.5 is added as follows:

**604.5 Non-metallic sheathed cable and exposed tube wiring.** There shall be no exposed non-metallic sheathed cable or knob and tube wiring in basements, garages, accessible attic spaces or similar spaces. See definition of *exposed* (Section 334.15 NFPA 70, and *concealed knob and tube wiring* (Section 394 NFPA 70)

(45) Section 605.2 is deleted and replaced as follows:

**605.2 Receptacles.** Receptacles shall be provided as listed in 605.2.1 through 605.2.6

(46) Section 605.2.1 is added as follows:

**605.2.1 Habitable space.** Every habitable space in a dwelling unit shall contain at least two separate and remote receptacle outlets.

(47) Section 605.2.2 is added as follows:

**605.2.2 Laundry area.** Every laundry area shall contain at least one grounded-type receptacle or a receptacle with a ground fault circuit interrupter.

(48) Section 605.2.3 is added as follows:

**605.2.3 Basement.** Every basement shall have at least one general use receptacle (not including the laundry outlet), of the grounded-type and with a ground fault circuit interrupter.

(49) Section 605.2.4 is added as follows:

**605.2.4 Bathroom.** Every bathroom shall contain at least one ground fault circuit interrupter type receptacle installed adjacent to the sink and not installed within or adjacent to showers or tubs.

(50) Section 605.2.5 is added as follows:

**605.2.5 Kitchen.** Every kitchen shall contain a minimum of three wall receptacles with two accessible for appliance use. All existing receptacles within six feet of the sink shall be a grounded-type or a receptacle with a ground fault circuit interrupter. Every cooking, heating, refrigeration and laundry appliance shall be within 6 feet of an outlet.

(51) Section 605.2.6 is added as follows:

**605.2.6 Floors.** Every floor-installed receptacle shall have an approved box and cover.

(52) Section 605.3 is amended as follows:

**605.3 Lighting fixtures.** Every public hall, interior stairway, toilet room, kitchen, dining room, bedroom, bathroom, laundry room, boiler room, area of electrical panels, exterior exit discharge door and furnace room shall contain at least one permanently installed electric lighting fixture.

**Exception:** Bedrooms with an outlet controlled by a switch.

(53) Section 605.4 is added as follows:

**605.4 Light switches in dwellings** Permanently mounted wall switches to control a light fixture shall be provided as listed in 605.4.1 through 605.4.3.

(54) Section 605.4.1 is added as follows:

**605.4.1 Exterior doorways.** A wall switch inside the door or automatic means for light activation shall be installed at all exterior doorways where an exterior light is provided.

**Exception:** Other exterior fixtures provide adequate lighting when fixture at door is not illuminated.

(55) Section 605.4.2 is added as follows:

**605.4.2 Stairways.** All interior stairways between living spaces and between a garage and a living space with 6 or more risers shall have three way switching at top and bottom floor levels of stairway.

(56) Section 605.4.3 is added as follows:

**605.4.3 Bathrooms.** A wall switch shall be installed in all bathrooms.

(57) Section 605.5 is added as follows:

**605.5 Common halls and stairways.** Every common hall and stairway in residential occupancies containing 5 or more dwelling units shall be adequately lighted at all times. Buildings with 4 or less dwelling units may have interior and exterior means of egress lighting controlled by conveniently located switches, motion sensors, time clock or photo cell. All residential buildings with 13 or more dwelling units or more than 3 stories shall provide means of egress lighting in accordance with the *International Fire Code*.

**Exception:** Where every dwelling unit in one or two story residential buildings has independent means of egress to grade.

In other than residential occupancies, means of egress, including exterior means of egress stairways shall be illuminated at all times the building space served by the means of egress is occupied in accordance with the *International Fire Code*.

(58) Section 701.2 is amended as follows:

**701.2 Responsibility:** The owner of the premises shall provide and maintain such fire safety facilities and equipment in compliance with these requirements and those set forth in the *International Fire Code*. A person shall not occupy as owner-occupant or permit another person to occupy any premises that do not comply with the requirements of this chapter.

(59) Section 702.4 is amended as follows:

**702.4 Emergency escape openings.** Required emergency escape openings shall be maintained. ~~in accordance with the code in effect at the time of construction, and the following.~~ Required emergency escape and rescue openings shall be operational from the inside of the room without the use of keys or tools. Bars, grilles, gates or similar devices are permitted to be placed over emergency escape and rescue openings provided the minimum net clear opening size ~~complies with the code that was in effect at the time of construction and such devices~~ shall be releasable or removable from the inside without the use of a key, tool or force greater than that which is required for normal operation of these escape and rescue opening.

(60) Section 702.4.1 is added as follows:

**702.4.1 Emergency escape.** Every sleeping room, in any occupancy shall have at least one openable window or exterior door approved for emergency egress or rescue; or shall have access to not less than two approved independent exits.

**Exception:** Buildings equipped throughout with an automatic fire sprinkler system.

(61) Section 704.2 are deleted and replaced as follows:

**704.2 Smoke alarms.** Single and multiple station smoke alarms shall be installed and maintained in Groups R-2, R-3 and R-4 and in dwellings not regulated in R occupancies in accordance with the State of Illinois Smoke Detector Act, 425ICS 60/1-60/4 regardless of occupant load at all of the following locations:

1. On ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.
2. In each room used for sleeping purposes.
3. Exception #3 is deleted.

The provisions and sections of the Ordinance shall be deemed severable, and the invalidity of any portion of this Ordinance shall not affect the validity of the remainder.

All orders, resolutions, or ordinances in conflict herewith are hereby repealed insofar as such conflict exists, and this Ordinance shall take effect immediately upon its passage, approval and publication as required by law.

A full, true and complete copy of this Ordinance shall be published within ten (10) days after passage in pamphlet form by and under authority of the Corporate Authorities.
